WHOLESALE BANKING

Commercial:

We operate a successful and innovative business focused on SMEs and enterprises with annual sales of up to AED 150 million. Our Relationship Managers are supplemented by additional representation in all our branches, as well as Virtual RMs who cover large portfolios from a largely desk-based approach. We offer a wide range of financing, cash management and transaction services to customers.

Mid Corporate:

Our MCD business is focused largely on organic growth and new to bank customers in line with the bank's core strategy. We have highly skilled RMs catering to the needs of clients with annual sales turnover of AED 150-500 million. ADCB is unique in UAE market in having a team focused in this area.

Wholesale Banking, Abu Dhabi and Al Ain:

Comprised of teams supporting the banking requirements of Abu Dhabi-based clients with annual sales exceeding AED 500 million per year. We have committed teams servicing Government departments, Government-related commercial entities and large corporate businesses. Our RMs are supplemented by key product specialists in Cash Management, Investment Banking, Trade Sales, Treasury Sales and other products.

Wholesale Banking, Dubai and Northern Emirates:

Leads our proposition to Government departments, Government-related commercial entities and large corporate businesses in the Emirates of Dubai, Sharjah, Ajman, Umm Al Quwain, Ras Al Khaimah and Fujairah. Its approach and structure is similar to that of WBG Abu Dhabi and Al Ain, and uses teams of DNE-based product specialists to drive cross-sell and enhanced service.

GCC Coverage & India Linked Business:

Supports the banking and financing requirements of large corporate, public sector and commercial government entities based in GCC countries, not including UAE. We also have dedicated teams servicing Exchange Houses and UAE businesses that benefit from the UAE-India trade corridor (India linked Businesses).

Institutional Clients Group:

Our highly skilled team handles the transactional and financing requirements of more than 200 International Banks, Financial Institutions and global commodity houses. The business provides a range of relatively specialised solutions to these complex Financial Institutions.

Cash Management:

The business supports our RMs by providing transaction and payment services, various deposit products and current accounts/cash management. Our services are truly market leading, and regularly win regional and global awards. Our innovative approach is supplemented by investment in technology, primarily our ProCash secure online platform. We also provide tailored solutions that incorporate Escrow accounts, WPS, Corporate Cards and employee offerings. We launched our ADCB ProCash Mobile Application earlier this year to provide our corporate clients with a seamless, faster banking experience and to manage their business on-the-go, anytime and anywhere.

Trade Finance:

Our Trade Sales teams offers a full range of term financing options in order to assist clients with the financing of import and export of goods through and working capital finance, receivables/invoice financing, structured trade finance, documentary collections and guarantees. Our specialist sales teams are assisted by our online platform, ProTrade, and a dedicated operational unit of experienced professionals. This has enabled us to capture more customers, including in import and export finance. The business is managed with Cash Management as a Transaction Banking Group.

Investment Banking:

ADCB's investment banking business continues to grow year on year, leading transactions in structured finance and debt capital markets. We provide both financing and advice to our customers. The highly specialised team has a proven track record in book-running conventional and Islamic debt capital markets transactions, structured real estate deals, large-ticket asset and infrastructure financing deals.

TREASURY

Asset Liability Management:

ADCB manages its liquidity to international standards specified by the Bank for International Settlements (BIS): i.e. its liquidity is as per BASEL III Standards. In addition, ADCB maintains an adequate liquidity buffer and contingent funding over a 60 day stress horizon – twice the level prescribed by BASEL III Standards. The Investment Portfolio run by the desk as part of ADCB's liquid asset management strategy stands at AED 52 Billion.

Bond and Sukuk Trading:

Specializes in providing industry leading pricing and liquidity to ADCB's clients on GCC Bonds and Sukuks in the secondary markets. ADCB extended its client reach by providing electronic trading on TOMS and MarketAxess in its constant effort to deliver the best tools and services to its customers.

Financial Markets Solutions:

ADCB provides bespoke, innovative solutions to our clients that enable them to hedge against risks of market movements in Foreign Exchange, Interest Rates and Commodities.

Debt Capital Markets:

The Debt Capital Markets (DCM) desk manages Capital Markets funding in excess of AED 50 Billion for the Bank. This year ADCB demonstrated once again its successful credit story with international investors. ADCB was one of the first issuer to tap the Formosa market in 2018 raising USD 540 mio. The bank also raised CHF 175 mio and CHF 100 mio in the Swiss public market for the first time since 2013. In March, ADCB printed a USD 750 mio 5-year RegS/144A Senior Unsecured bond offering at a spread of MS+130 bps after initial pricing was set at MS+145 bps with an order book size of over USD 1.6 billion. The transaction represented the first 144A/RegS transaction from a UAE financial institution since 2009 and the first re-entry of ADCB in the dollar public market since 2015. In June, the Bank successfully launched and executed Senior Unsecured Term Loan facilities focused on Asian investors. With strong investor response during syndication, the final size of these

facilities (3 and 5 years) closed at USD 590 m, against initial target of USD 400 m. Working closely with international banks and investors, the desk remains vigilant in ensuring that through innovation and constant client engagement, market opportunities are captured such that ADCB is able to meet and where appropriate, exceed its regulatory requirements at the lowest cost point with respect to its wholesale market funding profile.

Interest Rate Derivatives and Commodities:

ADCB Treasury provides risk management and trading solutions to help our customers address challenges arising out of their exposure to changes in interest rates and commodity prices. Through a combination of voice and electronic channels, we provide trading liquidity to local financial institutions, investors and corporate customers. Our services are focused on allowing our customers to access global markets in order to transform income volatility into income annuity and financial efficiencies by hedging market risks effectively. Throughout, we provide transparency in pricing and margins to ensure that our customer experience is seamless and optimal.

Foreign Exchange:

ADCB Treasury is a leading regional provider of FX Spot, Options, Forwards, NDF and Swaps on G10 and GCC currencies with year-to-date transaction volumes in excess of AED 1,400 Billion. With FX-E-Commerce Portal now live, ADCB is providing market leading prices via our own GoTrade electronic platform, Bloomberg, 360T and FX All to its institutional and corporate clients.

Money Markets:

Treasury and Investments Group manages the liquidity of ADCB with high profile professional counterparties in local and international markets, handling customer liquidity amounting to AED 48.3 Billion. Additionally, the desk is also the gateway for all financial markets transactions between ADCB and its client base of Central Banks and Sovereign Wealth Funds.

ADCB ISLAMIC BANKING
