1. How to login

To login in ProCash you must follow the below steps:

- i) Go to adcb.com and select on “Business Banking” (image 1);

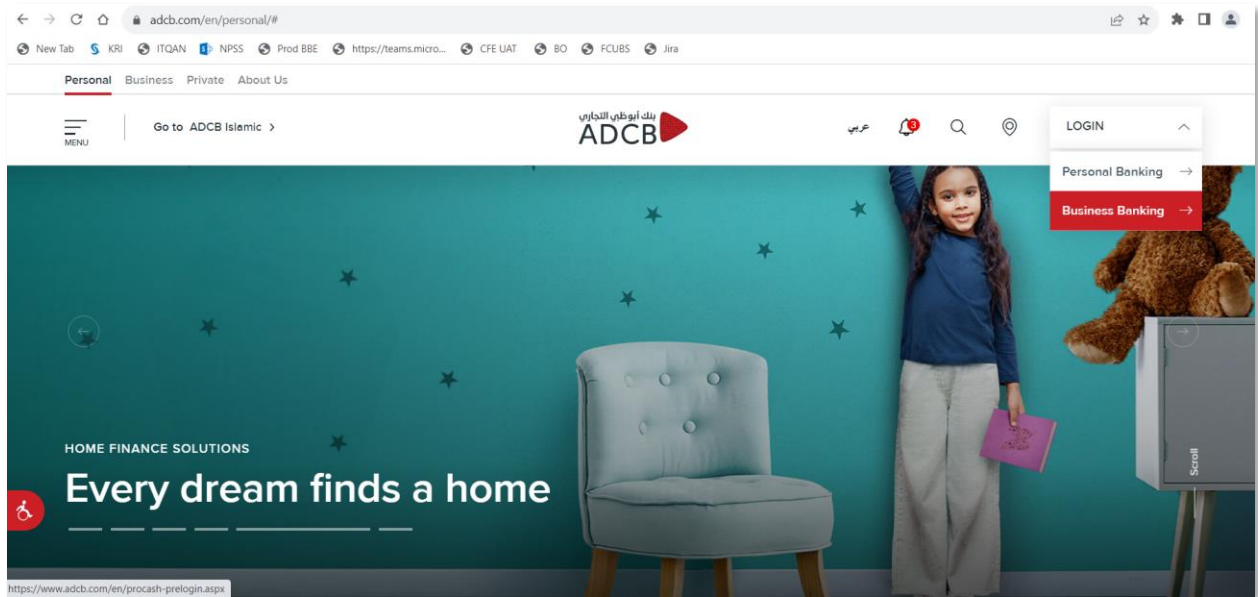

Image 1 – How to Login | adcb.com

- ii) Select your preferred login method which can be SMS OTP, Mobile Token, Device Token or QR Code and provide the respective details (image 2).
- SMS OTP – You must input the password and then an OTP that will be sent to your registered mobile number;
 - Mobile Token – You must input the token which is generated through your mobile application;
 - Device Token – You must input the number that is displayed in your device token/hard token;
 - QR Code – With your mobile app you must scan the QR code displayed on screen.

It is important to notice that you must chose the login method that you have access otherwise, if you chose a login method that you don't have access too you won't be able to login to ProCash.
